

# Telal Babeker

## Professional Summary

Although I'm new to website development, I bring a fresh perspective and enthusiasm to the field. While I may not have direct experience, I'm eager to learn and adapt quickly. My background as an accountant equips me with a strong foundation for understanding technology and design principles. I'm committed to honing my skills, staying updated on industry trends, and delivering high-quality results for clients. With dedication and a willingness to learn, I'm excited to embark on this journey in website development and contribute positively to projects
